

Disabled Access

We understand the needs of disabled people and have ensured Eyam Surgery meets their requirements both in terms of design and staff training.

Our Surgery has been designed to allow wheelchair access to all clinical rooms and WC.

There are also designated Disabled parking spaces available. **However, if you do not have mobility issues, please do not abuse this facility.** There is a car park at the front and to the side of the building for use by mobile patients.

Unfortunately, not all these facilities are available at our Branch surgeries. Please see below:

Eyam Surgery

Disabled car parking spaces
Entrance ramp and handrail
Accessible bell at entrance
Induction loop at Reception desk
Waiting space for wheelchair users

Bradwell Surgery

Entrance ramp and handrail
Accessible bell at entrance
Waiting space for wheelchair users

Grindleford Surgery

Unfortunately, this branch is not suitable for wheelchair users
